

Import / Export Customs Management Services We keep your cargo moving!

ISF Filing | Customs Management

As your Import / Export Customs Management Agent, we have the perfect solutions for your international shipping needs. We keep your business moving by processing the Customs and Border Protections requirements for your cargo. As your agent we will:

- 1. Process & Complete ISF Filing:** Importer Security Filing (ISF) is a mandatory extra layer of security for ocean freight (vessel) imports, which informs US Customs of details concerning the importer, cargo goods and shipper details before the shipment enters the United States (ACI for Canada; ENS for Europe).
- 2. Collect & Review Documentation:** To avoid delays and possible difficulties, both in the shipment process of the cargo and their arrival at US customs, it is important to have the necessary documents with accurate information. Basically: B/L, CI, PL, COO and the **appropriate HTS designation**.
- 3. Assist with Customs Clearance:** In processing your shipment, Customs will: inspect submitted paperwork, determine applicable duties, request & confirm payment, release of imported goods.

Logistics Networking

We can provide any or all of your logistics needs and freight requirements, from loading your shipment at the location of origin, to transporting cargo to its final destination, including: ExWork, FOB, CFR, CIF or DDP.

At ENZO'S International, we can do it all! Enjoy peace of mind while we coordinate all of these processes for you to ensure that your import / export moves smoothly, all while providing you with the lowest rates available.

***Important:** ETDs, ETT and ETAs are never guaranteed by the sea carrier and are subject to change at any time. Keep in mind that it can take up to 7 days before the cargo is loaded at the port of origin. Ocean freight is generally cleared by us within 1-2 days of arrival at the first port of entry.

***Insurance is recommended:** Insurance rates are based on the commercial invoice (CFR value) and is very inexpensive. For your assurance & convenience, we always recommend that your cargo is insured to cover any potential transportation damage.
